

Hello Third Graders and Parents,

We are so excited to meet you in the fall and have an exciting, busy year filled with learning and lots of fun. We can't wait to hear all about what you did this summer. We hope you read, read, read, and study those math facts! Please bring the summer activities listed below to school in August!! Have fun and enjoy your summer break!

Mrs. Matlock, Mrs. Roberts and Mrs. King

Summer Reading/ELA for

Incoming 3rd Grade

Books can help us travel to all sorts of places. Below, please complete the "postcard" to tell us all about a book you read and where you traveled with your characters.

Summer Math Web Activities Log for Incoming 3rd Grade

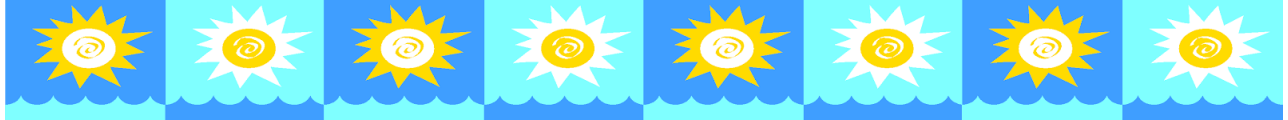

Directions-Please use the WEBSITE LOG to document what sites you've visited from the list or another site you have found. Make sure you list how long you've spent practicing your math skills and concepts each time. You should practice at least once a week for at least 8 weeks during the summer. Feel free to practice more if you have the time!!

| <u>Date</u> | <u>Website Name</u> | <u>Time You Practiced on the Site in Minutes</u> | <u>Explain What You Did Example-Addition or Subtraction</u> |
|-------------|---------------------|--|---|
